Barbara your updates look good. I looked particularly close at Section C-12 HOC, ownership of site and subsequent merger with Parker Drilling Offshore Company and you have that down correctly, except for the last part where you sort of trailed off. You should end the sentence by saying - Parker is a PRP as successor to HOC. You say " Parker is a PRP both as..... " I know Liz and company made some assertions, but I think we should go with what is irrefutable.

Also, as I read the whole thing over again this seems to be a good time to fill in an oversight of Janice's with respect to the chain of ownership. In Section A.iii ownership record, there is a gap between September 1, 1993 when HOC transferred land to Hercules Real Estate Corporation (HREC) and the bankruptcy of Hercules Marine Service Corp. The chain failed to show how Hercules Marine Service Corp (HMSC) acquired the property. Courtney's record show that HREC transferred the property to (HMSC). And, in Section G1 it shows the UAO was issued July 14, 2005, CERCLIS shows the UAO issued 8/29/05.
